THINGS YOU SHOULD KNOW ABOUT FLOOD INSURANCE

Statistics show that 90% of all property damages are due to natural disasters resulting from Floods. It's not just high-risk areas that are flooded. Between 20% to 25% of flood insurance claims come from medium or low flood-risk areas. Floods occur when you least expect them and the Farmowners insurance will not cover flood loss. Your insureds can protect their home, farm buildings, and their contents with an American Bankers Insurance Company flood insurance policy.

If you would like a **free** quote for Flood Insurance, complete this supplemental form and fax it to American Bankers Insurance Company, Attention: Rosie Ramirez at (480) 483-1675. This is **strictly optional** coverage and issued as a separate policy, not a part of the Agricultural package. No coverage is implied by completing this form and there is no binding of coverage.
